

# Can I Recycle Socks?

**Yes! With ManRags**

[www.manrags.com.au](http://www.manrags.com.au)

- Purchase a home compostable satchel for \$5 and send us your old socks **(Australia only)**.
- Please ensure you wash them before sending them off! We cannot accept unwashed socks for recycling!
- When we receive your return, our team will sort through them to pull out any that we can up-cycle. These pairs will be sent to an industrial laundromat to be cleaned and then donated to people in need.
- Any pairs that can't be salvaged will be recycled and turned into new textiles, saving them from landfill!
- You'll also earn a \$20 store credit for your first return! Put this towards one of subscriptions and instantly refresh your top drawer with new MANRAGS.
